SEEDLING TREES

RETAIL PRICE LIST – Effective January 15, 1955

Leeland Farms takes pleasure in sending you this price list of our Chinese Chestnut trees.

Our Seedling trees are all of the Peter Lui strain from which the three USDA varieties Nanking, Meiling and Kuling originated. Our trees are vigorous growers, early bearers, productive and winter-hardy to temperatures of 25° below zero. They are, of course, resistant to the blight which killed off the American chestnut. Our Nursery is State-inspected for both diseases and insects.

Since the Chinese chestnut requires cross-pollination, a minimum planting of two or three seedlings, or varieties, is necessary for nut production, and we will not sell less than this minimum number unless other chestnuts are in the immediate vicinity of the new planting.

The prices quoted below are F.O.B. our shipping point, with no charge for packing. We request cash payment for the trees with your order. If you wish to prepay the transportation charges, we will refund any over-payment. Our shipping season is from mid-November to April 15.
